

Acumentrics Corporation

Uninterruptible Power Supplies (UPS)

Ruggedized UPS units in 850, 1250, & 2500VA ranges. Wide-range input (80-265VAC, 47-400Hz), optional DC Input (22-32VDC), optional DC Output (24, 28 or 48VDC). Well-suited for harsh environments, with broad temperature range (-18°C – 50°C), high humidity tolerance, and built to MIL-STD shock & vibration tolerances. SNMP capability; extended runtime capability, and parallel capability (on 2500VA models). Quick turn customization available for a variety of applications.

ISO 9001/2000
